Welcome from the Student Senate!

Congratulations on your acceptance to the Tufts University MPH Program! As the President and Vice President of the Student Senate for the Public Health and Professional Degree Programs, we're excited by the possibility of you joining us next year.

We chose Tufts for many reasons — academic rigor, the Applied Learning Experience, the faculty — but, to us, community is a stand-out aspect of the program. The friends you make here become colleagues for life, our strong and growing alumni network means building professional connections, and graduates have access to support and guidance at every stage of their career.

This sense of inclusivity and connection extends far beyond campus — opportunities to enrich and affect our neighborhood only heighten the value of what we learn in the classroom.

Opportunities abound for student involvement, too. For one, the Student Senate serves as a voice for the students, bringing issues to faculty for discussion and subsequent resolution. Our involvement allowed us to give back to the community we value while continuing to foster a transformational educational environment.

Please reach out if we can provide you with any additional information! In the meantime, we look forward to welcoming you to the Tufts community!

Sincerely,

Kamisha and Carolina

Kamisha Charles

PHPD Student Senate President

MBS/MPH Program '18

Health Services Management and Policy
